Cat Block

Block of the Month - 8 1/2" x 8 1/2"

This appliqué cat block is made from one of four different cat templates. You can make several blocks each one using the different cat template. The blocks are then joined using bright fabrics for the sashing.

Instructions:

1. Cut an 8 1/2" x 8 1/2" background fabric from tone on tone cream
2. Using black fabric (tone on tone or plain) select the cat you like and using your preferred appliqué method stitch your cat onto the background.
3. Repeat until you have the number of blocks you require.

Return your block next month to be in the draw for another lucky winner!
